Dear SGS Hiring Team,

I am writing to express my interest in the Project Assistant (Part Time) position at SGS. With 10 years of experience in government administration, I have developed strong skills in document management, record keeping, reporting, coordination, and handling administrative tasks with accuracy and attention to detail.

In my current role as an Administrative Staff member, I prepare and organize official documents, manage budget and financial accountability records, coordinate administrative activities, and ensure that documentation is complete and submitted within deadlines. These responsibilities have strengthened my ability to follow established procedures, manage multiple priorities, and maintain organized records in a busy working environment.

I understand that this role requires reliable administrative support to help technical teams and account managers manage submissions, job records, trackers, inboxes, and billing information. My background in documentation and reporting has prepared me to support these processes carefully and consistently. I am also comfortable learning new systems and adapting to established workflows to ensure accurate and timely results.

I am particularly interested in joining SGS because of its commitment to quality, integrity, and reliability. I would welcome the opportunity to contribute my administrative experience, organizational skills, and willingness to learn to support your team and help deliver efficient service to clients.

Thank you for considering my application. I look forward to the opportunity to discuss how my experience and skills could contribute to SGS.

Kind regards,
Tri Yulia
